Memorandum for: Director of Central Intelligence

25X1A      Subject: Senate Committee request for  
                                        Study on security  
                                        information.

1. A Senate subcommittee, currently investigating the effects of the Executive Order on security in the Executive Branch of the Government, renewed its request to CIA for the [redacted] Study on defense information from overt sources. Details of the subcommittee, its functions and composition are attached.

25X1A

25X1A      2. The [redacted] is currently classified Secret because of the inference in the President's remarks to the press that it was 95% correct, but DD/I does not object to release of the study's content to the Committee under a Secret or Confidential classification.

3. It is recommended that to avoid serious controversy with the Committee, the Study be released to the Committee under at least a Confidential classification, unless such release would be embarrassing to the President.
